

DEVESH PATEL

Grad Student @ Florida State University

+1-386-456-3536 | dpatel13599@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

Skills

Languages & Libraries: Python, Javascript, C#, Go, NodeJS, ReactJS, Redux, HTML, CSS

Cloud Services: AWS Step Functions, Lambda, Glue Job, DynamoDB, CloudWatch, Secret Manager, S3 Buckets

Databases: SQL(MSSQL, PostgreSQL), NoSQL(MongoDB, DynamoDB)

Tools & Technologies: Git, Gitbu, JIRA, Postman, RESTful API, VSCode, Visual Studio, Slack, Bitbucket

Projects

1. NLP-Suite

- Developed RESTful API to access trained NLP models.
- Trained and deployed NLP models like sentiment analysis, translator, semantic analysis.
- Implemented rate limiting strategies on the API.
- Implemented using Python, NodeJS, ReactJS, various python libraries Pandas, NLTK.

2. Agro-Mart

- An interface that connects farmers and consumers.
- Allows farmers to sell and consumers to buy products while removing intermediary dealers.
- Implemented using ReactJS, NodeJS, MongoDB.

Education

Master of Science, Computer Science

Florida State University

Aug 2021 – Present

Florida, USA

Bachelor of Engineering, Computer Engineering, CGPA: 8.76

Gujarat Technological University

Aug 2016 – Aug 2020

Gujarat, India

Achievements

Frontend Web Developer Nanodegree

Udacity

May 2018 – Nov 2018

Mobile Web Specialist

Google

July 2019
